

Crystal and Garret's sports project, in time for the World Cup: **Project Soccer**

Crystal and Garret are two of **COLORS**' newest volunteers who are starting **Project Soccer** for the children of the Children's Orphanage in George, South Africa . Through **Project Soccer**, **COLORS** is hoping to teach the children about sportsmanship and leadership. We will be starting the project this week as a day camp for the children and will be kicking off the day with face painting that will be in the spirit of the World Cup, leading into a game of Soccer and home-made medals, and finishing the day with a trip to the local public viewing area, recently set up for World Cup, where a select few games will be televised for the locals to take part in, and where we will catch one of the games publicized live.

"Soccer is something that is accessible for all children, with knowledge of the rules and basic needs of a soccer ball and some good running shoes. It gives the children the opportunity to learn new skills and how to team build while staying off the streets." Crystal Waddell

World Cup has been the perfect opportunity to get the children interested and excited about sports.

We need your help: If you would like to help Crystal and Garret with Project Soccer, please contact Crystal directly and she will purchase balls, shoes, and medals on your behalf here in South Africa, for the many children in the townships.
We are so happy that Crystal and Garret are implementing this project and we hope you will be too.

Please contact Crystal if you would like to help with Project Soccer: Email: crw.jhr@gmail.com
