

# THANK YOU SYLVIE.....WE MISS YOU!!!

Sylvie Furlong (Cambridge- United Kingdom) February –May 2010

Coming to South Africa and volunteering with Project **COLORS** has to be the best thing I have done in my life so far. I have experienced so much and really embraced every day. Working hands on with the children and seeing how just little changes can make such a difference has really changed my view on charity work. It has made me realize how easy it is to make a difference, and has shown me how rewarding volunteering is.

I have met so many amazing people in the communities, and have loved experiencing the Xhosa culture, one that is far from anything I have experienced before.

Running the street dog project with Sunyata's help and guidance was a highlight of my stay, it is so rewarding to see the dogs transform in front of you and then noticing the owners taking care of their dogs now makes it all worthwhile.

All of the projects that are happening here are incredible and are making such a huge difference, I am very sad to leave and will miss South Africa very much. Thank you so much Sunyata for allowing me to become a part of Project **COLORS**, and good luck to all of the volunteers in the future! Sylvie (age 19)

Thank you Sylvie...for doing so much for **COLORS** during your time with us.

Thanks for changing your plane ticket some many times!

We just want to send a huge hug and thank you over to the UK for her. The kids will miss her dearly and probably think she is still here. Sylvie

worked hard and endlessly for **COLORS** during her time with us. She will truly go on to do great things and hopefully visit us again on her life's journey

Also a big thank you to Dominic and Johannes who also found us on a whim as many volunteers seem to do! We got so much done during their short stay with us, it was truly amazing with all the moving, hauling, painting and flooring. The school you painted is growing and looking better everyday. The women are so proud of where they work now thanks to you. Come back and help build and paint anytime, hehe.

**NEW ASSISTANCE: We now welcome three  
new volunteers, Lauren (USA),  
Crystal (Canada), and Garret (South Africa)  
who will be assisting **COLORS!****

**Welcome you guys!**
